

The Mathemaniac

IIT Foundation & Olympiad Module for Class IX

Mathematics

Theme 1: Number System and Algebra

1. Real numbers and exponents
2. Polynomials and factorisation
3. Linear equations

Theme 2: Coordinate Geometry and Graphs

1. Cartesian plane
2. Plotting points
3. Linear graphs

Theme 3: Geometry

1. Lines and angles
2. Triangles and quadrilaterals
3. Circles and theorems

Theme 4: Mensuration

1. Areas of plane figures
2. Surface area and volume
3. Composite figures

Theme 5: Statistics and Probability

1. Data handling
2. Mean, median and mode
3. Probability basics

Theme 6: Commercial Mathematics and Reasoning Skills

1. Profit, loss and discount
2. Interest
3. Logical reasoning

Theme 7: Olympiad Enrichment

1. Advanced algebra
2. Number theory
3. Proof-based geometry
